

AUTOPRINT BLANKMATIC

BM 108 FS

Automatic Blanking Machine with Full Stripping & Window hole removing

This machine significantly enhances product quality and overall enterprise efficiency. It features a high-precision servo motor, double guide rails, and a ball screw system to ensure exceptional accuracy. Equipped with the latest hydraulic technology, it includes an integrated motor and oil temperature cooling system, delivering consistent and high working pressure. The machine is also fitted with a PLC control system and an intuitive touch screen interface, ensuring safe, efficient and user-friendly operation.

TECHNICAL SPECIFICATIONS

Model	BM 108 FS
Model Sheet Size	1080 x 780 mm
Max Pile Height	60 mm
Min Pile Height	30 mm
Bench Height	850 mm
Min Stripping Size	40 x 80 mm
Stripping Speed	5 Strokes/Min
Max Pressure	100 bar
Power Voltage	380 V
Frequency	50/60 Hz
Max Consumption Power	9 kw
Air Consumption	2 L/min
Air Compression	4~7 Bar
Machine Dimension	1900 x 2100 x 1750 mm
Machine Weight	4500 kg

Autoprint Aloft

Paper Lifting Machine

Automatic paper lifting machine is a simple and highly useful accessory that can be used with any printing and packaging machinery to lift the heavy pile of paper to the working height without physical work. It eliminates the manual lifting of paper pile by the operator which reduces their body fatigue and makes the process easy and faster.

Benefits

- Increases the operator efficiency by reducing their body fatigue
- Proper stacking of paper pile is maintained during feeding
- Saves loading time of job
- Easy to lift larger size cartons
- It will be very useful to lift die punched cartons as manual lifting may damage the cartons.

Technical Specifications

Max. Lift Height	: 900 mm	Inner Distance Between	
Min. Lift Height	: 700 mm	Two Arms	: 536 mm
Max. Weight	: 400 Kgs	Outer Distance Between	
Max. Load Capacity	: 2000 Kgs	Two Arms	: 580 mm
Power	: 0.37 KW	Min. Distance Between	
Voltage / Amps	: 415 V / 1.5 Amps	Ground to Lifting ArmTop	: 160 mm
		Dimensions (L x W x H)	: 980 x 1280 x 1470 mm

Blank Your Competition by Automation

Automate your Packaging Line with Autoprint Blankmatic Machines
 for ensuring Safety, Quality, Accuracy, Productivity & Profitability

Autoprint is committed in bringing modern cutting-edge technology to its customers. A result of this commitment is Autoprint’s an Offline Blankmatic machines designed to handle even the most intricate and detailed designs with high stripping speed. This reliable and high precision blanking machines are the perfect answer to meet the growing demand of packaging units, finishing houses, medium and large format printing units.
